Wi-fi set-up

To enjoy Airplay and internet radio, you must first connect your Minx Air to your home network.

If you have a laptop computer, tablet, or any other wi-fi enabled internet browser go to Step 1 below to connect to your home network.

If you have no wi-fi enabled internet browser (such as a desktop computer) then please see the online user manual for wired set-up instructions.

Connect the Minx Air to the mains power and press the power button () on top of the unit. Wait for up to 20 seconds for the flashing light on the rear panel to flash green $-\frac{1}{2}$ and orange $-\frac{1}{2}$

After a few seconds, the Minx Air will be connected to your network (successful connection is indicated by a solid green light on the rear of the product). This can take up to 30 seconds.

(If your computer/tablet has not already done so automatically, change the Wi-Fi/network setting on your computer/tablet back to your home network).

Airplay

Congratulations! You are now ready to stream music via Airplay.

When you open iTunes or your Music you will see the Airplay logo \square allowing you to select your Minx Air as the playback device.

Note – when Minx Air is selected, it will take a few seconds to connect.

Wait for the music to start playing before adjusting the volume.
